

Statement to the press

by

H. E. Javad Vaeidi

Head of the Islamic Republic of Iran Delegation

to the Board of Governors

8 March 2006

- 1- This session adopted no resolution. It means that there is no consensus on any action against Iran.
- 2- Based on the previous resolution, the DG's report will be sent to New York.
- 3- In our view the process is still going on. There are two options before us. Either to compromise and cooperate or go for confrontation. We hope and spare no effort that the first option be realized. In any case we will continue to exercise our R&D activities based on our right.
- 4- The United States may have the power to cause harm and pain but it is also susceptible to harm and pain. So, if the United States wishes to choose that path, let the ball roll.
- 5- We offered the candidate opportunity for a settlement. We will see how events fold on.
- 6- For now, we will have to review the situation, adopt our policy and adjust our approach to conform to the new situation.
